EVENT TYPES

CORPORATE

Work with mates or hang out with workmates.

We are probably only round the corner from your office anyway so mix it up and come to us for your next client meeting, team get-together or for Karen's leaving do.

PRIVATE

We'll provide a bit of food, great drinks and space for you to party like it's going out of fashion. Weekends are busy but we will always try our best to help you celebrate with us, whatever the occasion.

WEDDINGS

The Sir Thomas is perfect for capturing those special wedding day pics and we are only a short stroll from St George's Hall. So if you fancy a classy sharpener before the big day or to enjoy a glass of bubbles post the 'I do', we'd love to host your little gathering.

CREATIVE & FILM

We think we look pretty good and hope you think so too. If you would like to use us for filming or photoshoots, just ask. Likewise if you are looking for a unique space for brand activation or product launches, give us a call or come and see us and let us work something out for you.

WEDDINGS

We understand that planning a wedding is a huge undertaking with much to consider.

There's no greater milestone in life than the coming together of two people who truly love each other and wish to celebrate and share the occasion with family and friends.

If weddings weren't such complex affairs it would be easy for us to produce a wedding brochure that was simply about food, but we know that rarely has a single day been approached with such anticipation, happiness and excitement.

The high standards that you set yourself will be matched by us on your wedding day.

The enthusiasm we show for what we do is reflected in our unmatched creativity, and you can rest assured that menus are designed especially for you and you alone.

We want your wedding to be memorable for all the right reasons and your guests to be suitably wowed by your choices, and of course our expertise.

So yes, we've included menu suggestions and some images here from our previous culinary adventures, but think of this as much more than a brochure - it's your first glimpse into The Sir Thomas Hotel that will give you a taste of what makes us so special.

At The Sir Thomas Hotel, we understand that every love story is unique, which is why we offer a range of customisable wedding packages to suit your individual style and preferences. Whether you envision an intimate ceremony surrounded by your closest loved ones or a grand celebration that dazzles and delights, we have the perfect package to bring your dream wedding to life.

Our packages are designed to provide you with everything you need to create a magical day that reflects your love story. From stunning venues and exquisite catering to personalised decor and expert coordination, we'll take care of every detail so you can focus on making memories that will last a lifetime.

Choose from our selection of packages, each offering its own unique blend of features and amenities.
